OM020NdGr00rh03	20	20	37	20	mit gummierter Haftfläche	4 Stück

PRODUCT INFORMATION:

Magnets in different designs as a visual highlight on your memo board.

* The forces have been determined at room temperature on a polished plate made of steel (S235JR according to DIN 10 025) with a thickness of 10 mm (1kg~10N). A deviation of up to -10% from the specified value is possible in exceptional cases. In general, the value is exceeded. The type of application (installation situation, temperatures, counter anchors, etc.) sometimes influence the forces enormously. The values given are for orientation purposes. Let our experts advise you.
