DSP23-Ndni	23	7.5	130	20	10 Stück
DSP29-Ndni	29	8	160	32	10 Stück

PRODUCT INFORMATION:

- » Attention very strong holding force in case of direct contact with metal
- » Are particularly suitable for walls with magnetic paint
- » Excellent air gap bridging

Alternative to the standard we also offer individual solutions:

- » Lacquering also possible in other colours

* The forces have been determined at room temperature on a polished plate made of steel (S235JR according to DIN 10 025) with a thickness of 10 mm (1kg~10N). A deviation of up to -10% from the specified value is possible in exceptional cases. In general, the value is exceeded. The type of application (installation situation, temperatures, counter anchors, etc.) sometimes influence the forces enormously. The values given are for orientation purposes. Let our experts advise you.
